

ToolForge-RL paper figure gallery

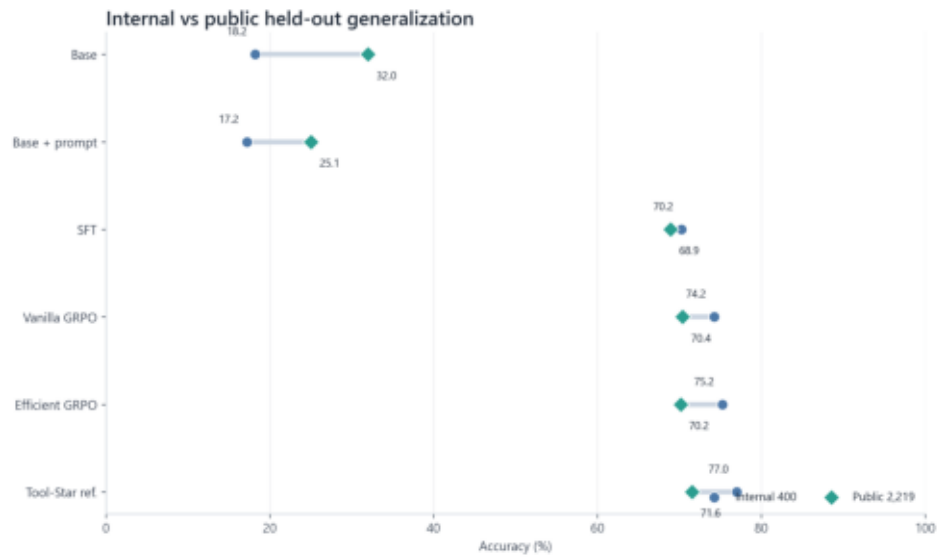

11 efficiency pareto frontier

12 task family accuracy heatmap

15 internal vs public accuracy

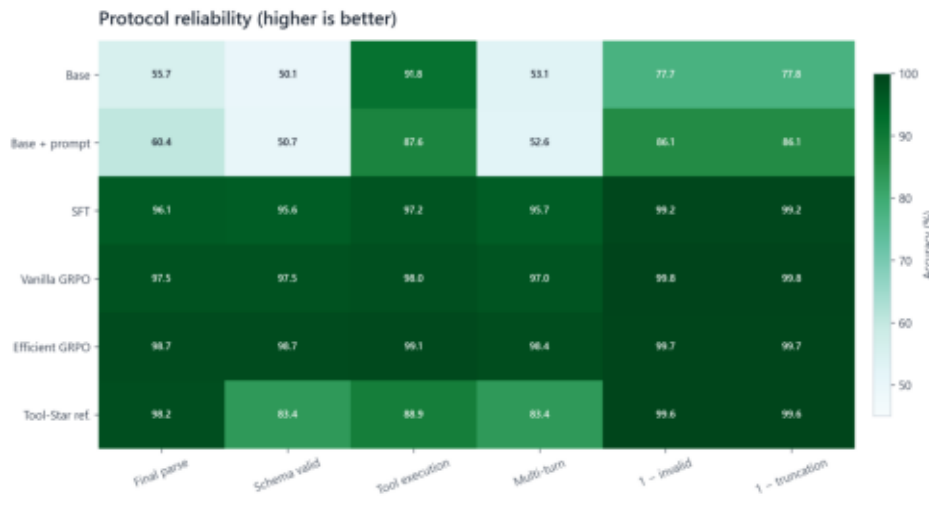

18 data construction flow

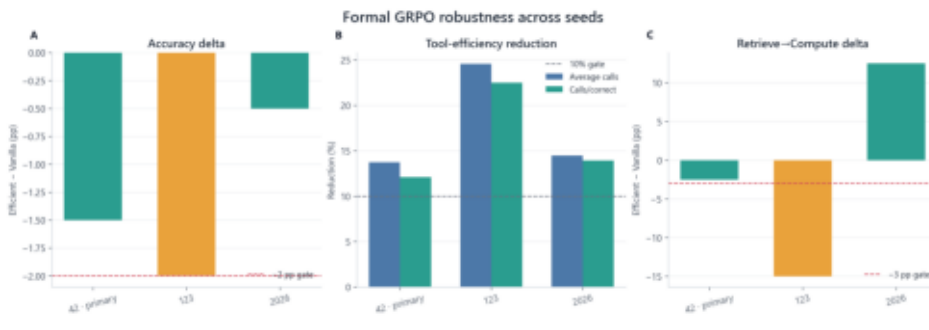

From public prompts to verified SFT and variation-bearing RL data

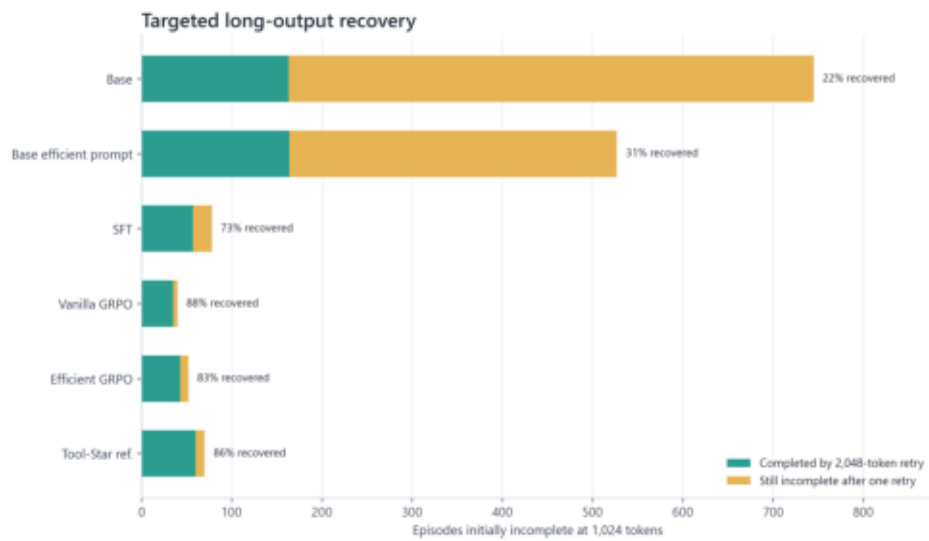

14 protocol reliability heatmap

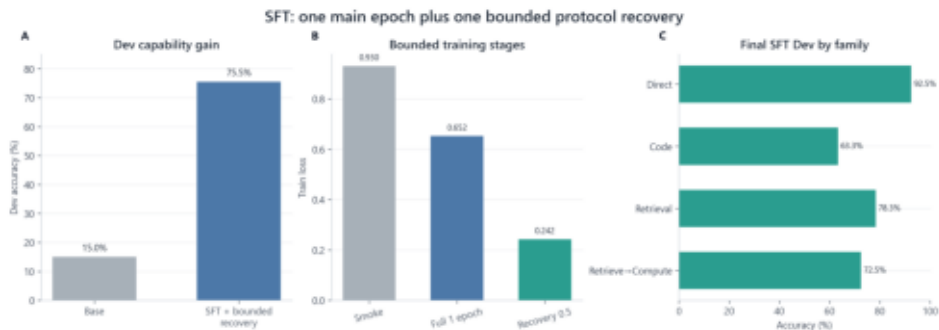

17 three seed robustness

20 targeted recovery outcomes

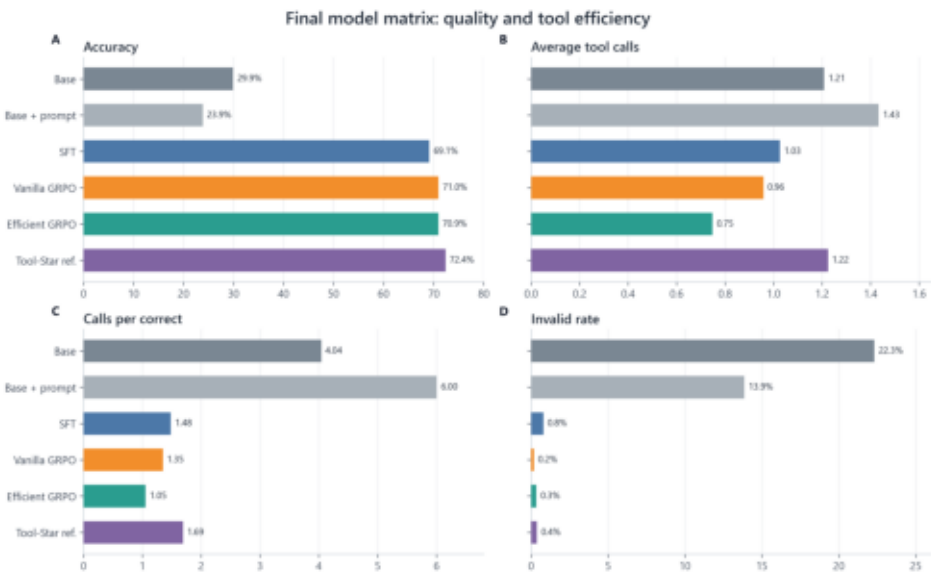

21 sft training and dev gain

24 temperature probe

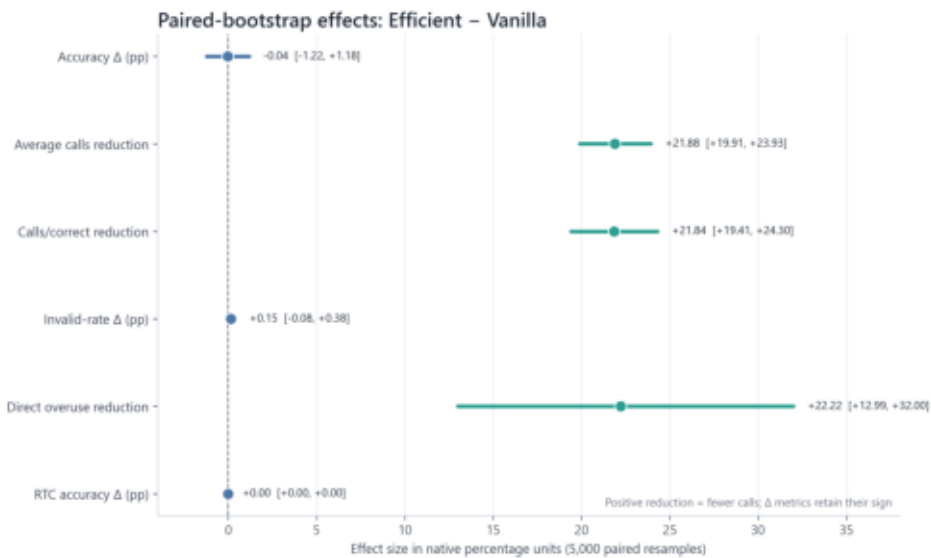

10 model matrix overview

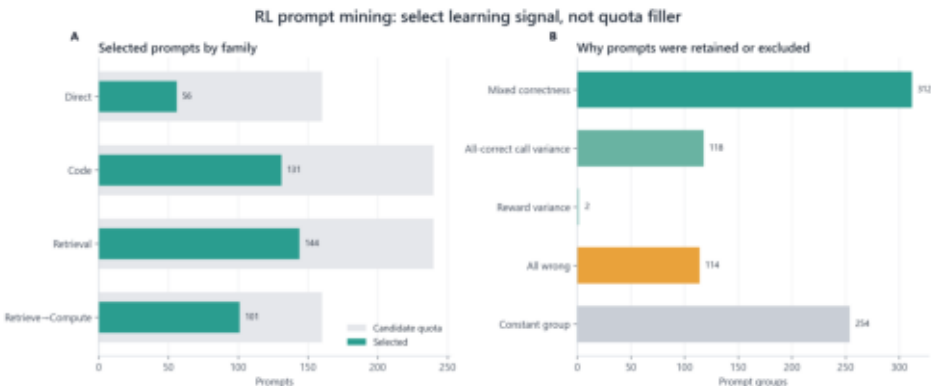

13 dataset accuracy heatmap

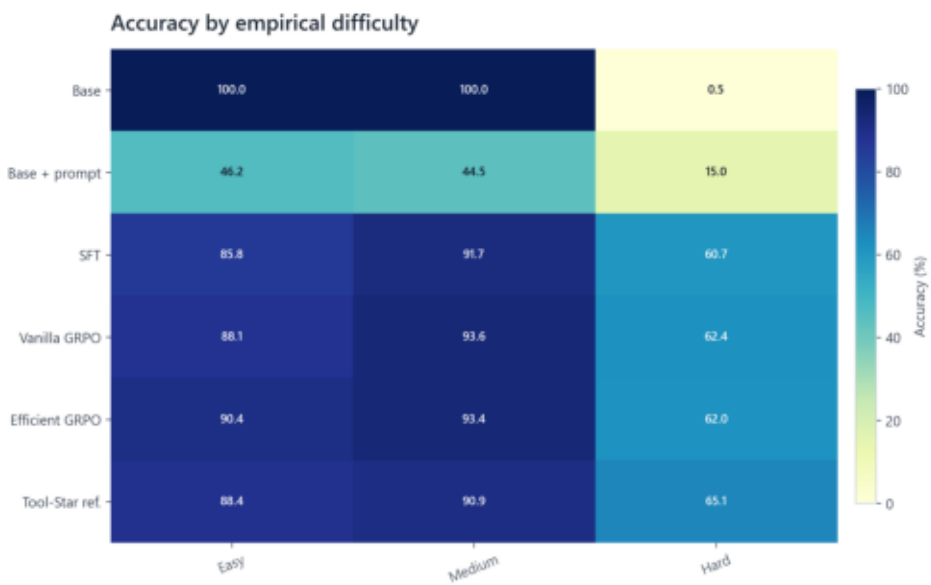

16 paired bootstrap forest

19 rl prompt mining composition

22 difficulty accuracy heatmap

23 experiment storyboard
